Aunt Edna is anxious to have you stop there next Friday and Saturday will enclose their letter so you will see why. We think it a very good thing to do. Aunt Edna told us her plans which we think are fair but are keeping them to ourselves.

Pop had an errand to The Smithing farm yesterday so Helen and I went along and then went on to Harrisburg 34½ miles from home left 1.15 and was back at 4.35 and I declare pop slept all the time talking.

Do not say any thing about your plans on River Street. The river has been very high but just came in around the pit by the furnace they did some worrying but glad it got cooler. Pop has changed his mind so many times about the trunk I do not know what we will do but will have something ready and will be there Friday around 4 pack your grip to stay at Grandmas until Sat or Sun night.

Love Mother
